

# A REALTOR'S GUIDE TO **MORTGAGE**

## PRE-QUALIFICATION 101

**Always have clients get pre-qualified before house hunting.**

This helps to identify a price range, down payment amount, and set realistic expectations.

**Always submit a pre-qualification letter with the offer.**

The offer will look more attractive to the seller.

**Borrowers can easily apply online.**

They will need to verify aspects of their finances and history, such as income and employment, assets, and credit.

**A pre-qualification can take as little as 15 minutes.**

Our online application makes it quick and easy, as long as the borrower provides all necessary information.

**A mortgage pre-qualification is best qualified by pulling credit.**

This likely affects the borrower's credit score, however, very little.

## GOOD TO KNOW

- ✓ **The minimum down payment is not always 20%. Clients may qualify for loan types with 0% down.**
- ✓ **Buyers should never make big purchases, open or close credit lines, or change jobs during the loan process.**
- ✓ **Credit scores of 720+ have the best chance at better mortgage terms, but lower scores still have options too.**
- ✓ **Down-payment gifts can be accepted for some loan types.**
- ✓ **Down payment assistance programs are available for qualified buyers.**
